Once it is cleaned and verified the organization would like to put an additional marker on the grave. Trustees agreed to allow her to go ahead with the project.

He did say that he had been in contact with the health department and they could not smell anything anymore on the property. In regards to Mr. Dixon's concern about waste run off into Terre Haute, they said that would be the responsibility of the department of soil and water. No other updates on the property at this time.

Roads and Bridge

-Brent Laughman said he had been contacted by Terry Black who lives on Conrad Road about flooding that keeps occurring on his property due to poor road drainage. Mr. Laughman had contacted the County Engineer and he said they could put in a culvert but it would cost an estimate \$3,200. Mr. Black said he would take care of any additional ditch work needed.

Motion: Brent Laughman motioned to approve paying the County to add the culvert for the estimated \$3,200. Dave Riley seconded the motion. Motion approved.

Zoning

-Dave Riley said the zoning board had met last night and had scheduled another meeting on June 19, 2017 and a hearing on July 17, 2017.

-Brent Laughman said he had received a complaint regarding the property at 5910 St. Rt. 55. It appears whoever was living there had left and the pool cover was collecting water. Neighbors were concerned that the standing water would breed mosquitos and could possibly carry the West Nile virus. Nothing could be done at this time regarding the property as it is not currently violating any zoning laws.

Other Administrative

Motion: Brent Laughman motioned to accept the contract instead of just adding the caller id to our current plan. Dave Riley seconded the motion. Motion passed.

Motion: Brent Laughman motioned to adjourn the meeting at 8:13pm. Dave Riley seconded the motion. Motion passed.
