Notes to the Financial Statements For the Year Ended December 31, 2019

Note 1 - Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Mad River Township, Champaign County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, fire protection and emergency medical services. The Township contracts with the JSP Joint Fire District and German Township Fire Department to provide fire and ambulance services.

Joint Ventures, Jointly Governed Organizations, Public Entity Risk Pools and Related Organizations

The Township participates in a public entity risk pool. The organization is Ohio Township Association Risk Management Authority (OTARMA). Note 6 to the financial statements provides additional information for this entity. The Township's management believes these financial statements present all activities for which the Township is financially accountable.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all proprietary and fiduciary fund types which are organized on a fund type basis.

Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

<u>Road and Bridge Fund</u> - This fund receives property tax money for constructing, maintaining, and repairing Township roads and bridges.

<u>Gasoline Tax Fund</u> - This fund receives gasoline tax money to pay for constructing, maintaining, and repairing Township roads.

<u>Motor Vehicle Fund</u> - This fund receives auto registration tax money to pay for constructing, maintaining, and repairing Township roads.

<u>Permissive Motor Vehicle License Fund</u> - This fund receives permissive motor vehicle license tax money to pay for constructing, maintaining, and repairing Township roads.

<u>Cemetery Fund</u> - This fund receives money from sales of Township Cemetery lots and charges for services to pay for maintaining the Township Cemeteries and services related to burials.

Notes to the Financial Statements For the Year Ended December 31, 2019

<u>Fire and EMS Fund</u> - This fund receives property tax money to pay for Fire and EMS protection services.

<u>Outside Road Fund</u> - This fund receives property tax money for the general construction, reconstruction, resurfacing and repair of streets, roads, and bridges.

<u>Street Lighting Fund</u> - This fund receives tax assessment money to pay for street lighting in the unincorporated communities of Terre Haute, Thackery, and Westville.

<u>Terre Haute Cemetery Donation Fund</u> – This fund received a restricted donation for Terre Haute Cemetery use only.

Permanent Funds These funds account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs (for the benefit of the government or its citizenry). The Township had the following significant permanent fund:

<u>Cemetery Bequest/Memorial Fund</u> – This fund receives interest earned on the nonexpendable donated money. These earnings are used for the general maintenance and upkeep of one small-specified cemetery and flowers for specified graves in the Township's cemeteries.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the Fund level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year-end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are carried over, and need not be re-appropriated.

A summary of 2019 budgetary activity appears in Note 3.

Notes to the Financial Statements For the Year Ended December 31, 2019

Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

	2019
Certificates of deposit	705,129
ICS Money Market	809,899

Total deposits	1,590,748

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; and collateralized by securities specifically pledged by the financial institutions to the Township.

Note 5 - Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

Notes to the Financial Statements For the Year Ended December 31, 2019

Note 6 - Risk Management

Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Risk Pool Membership

The township is a member of the Ohio Township Association Risk Management Authority (The Pool). The Pool assumes the risk of loss up to the limits of Mad River Township's policy. The Pool covers the following risks:

- -General liability and casualty
- Public official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

2018

Cash and investments \$33.097.416

Actuarial liabilities \$ 7,874,610

Note 7 - Defined Benefit Pension Plans

Ohio Public Employees Retirement System

All employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes these plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10% of their gross salaries, and the Township contributed an amount equaling 14% of participants' gross salaries. The Township has paid all contributions required through December 31, 2019.

Ohio Deferred Comp

The Township also allows employees to put additional retirement income into the Ohio Deferred Compensation plan. The Township does not contribute to this plan. Ohio Deferred Compensation is a supplemental 457(b) retirement plan for all Ohio public employees and one of the largest 457(b) plans in the country. Deferred compensation has been the Program's only responsibility since 1976.

The Program is unique that it is a public, non-profit organization created by Ohio legislation. A 13-member Board, composed of public employees, retirees, and appointed investment experts, governs the Program as required by Ohio Revised Code Chapter 148. The staff manages and administers the Program with public employees' best interests in mind. External managers professionally manage the Program's investment options. Investment options are selected and monitored by the Board and its independent investment consultant.

Notes to the Financial Statements For the Year Ended December 31, 2019

Note 8 - Postemployment Benefits

OPERS offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2019. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2019.

Note 9 - Contingent Liabilities

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.
